Have you been affected by workforce reduction recently?
If so, you are among too many others struggling to find a new job. This job market
is one of the most competitive in a very long time, and affecting many, many
professions and industries.

The Chicago Southland Job Hunters Network (established by Sundance Group, Inc.) is reaching out to people recently affected by workforce reduction, layoffs and company closure. This is an ideal group to get involved in if you are serious about your job search.

Our meetings are lively; supportive, full of dynamic discussion, sharing of job leads and other pertinent information. Even if you are in career transition, or returning to the workforce after a long absence, you'll find this group to be supportive and time well spent. Learn what others in your community are doing to find work. In return, we ask that you share your own job hunting experiences and be an active participant in this forum.

Learn what companies look for when recruiting and making hiring decisions. General meetings have included topics such as using **LinkedIn** for your job search, how to request and supply references, when and how to follow-up with an employer after an interview has taken place.

- Registration & inquiries are currently handled by the **Midlothian Public Library** for the dates noted on the left. We ask that you contact the library directly and register in advance of each session.
- This group is ideally suited to adults with prior experience in the work-place and who are serious about their job search.
- To get the most from this supportive group, please be sure to have an active email account. The Chicago Southland Job Hunters Network currently utilizes Yahoo Groups (<http://finance.groups.yahoo.com/group/JobClub60445/>) for general communication and dissemination of information. This is a members-only forum, and it is required that an individual attends at least two of these sessions before joining this online group.

For individuals seeking more comprehensive help with their job search, Sundance Group offers the "**Job Seeker Series.**" This 5-part series covers all the essential tools in a more in depth manner, addressing topics such as Resume Protocol, Networking, and Interviewing among others. These sessions being in June, in Tinley Park, IL and will meet once weekly for 5 consecutive weeks. More information can be referenced online at www.sundancecgp.com.
